

PRESS RELEASE

“I am an avid reader. Stuart Wood, John Gresham, James Patterson, and believe me Gil Hudson has done an excellent job with this book. Definitely a top rating for this story.” J. Harrell

“This historical fiction is a great story that you can't put down! Gil Hudson has taken POTUS 1 out of the past and into our future for an intriguing journey of the future he helped create.” P Wheaton

POTUS 1 Series

Reviving George Washington
Transforming George Washington
The Rise of George Washington

In today's world of carnage and disarray, do you ever wonder what would our first president, George Washington, think of the mess our current nation is in?

Retired lawyer, and substitute judge, now **author, Gil Hudson** asked this often during his career. Hudson's love of history and politics led him to research and craft an incredible historical fiction series that will keep you on the edge of your seat all the way through.

Hudson's debut novel is a thrilling series of reviving George Washington into the future 2025. The series can be read in order or individually, either way it is a must-read. Follow the journey of reviving George Washington and his faithful servant, Frank Khamisi. Fully revived after been preserved for over two centuries by ancient Egyptian chemicals once used to preserve the pharaohs, Dr. Palidore Montgomery and his assistant, Lynn Radford, are now faced with the daunting task of bringing their clients up to date on everything that has occurred over the past 226 years. What they don't realize is that the first president has his own agenda.
